Dear Administrator Pruitt:

On behalf of the member states of the Interstate Mining Compact Commission, our sincere thanks for attending our Mid-Year Meeting in Washington, DC last week and providing the luncheon address. Your remarks were right on the mark and were greatly appreciated by the member states. From my perspective, while we've had some interesting presentations in the past, you really hit it out of the park. All of the issues you touched on were relevant to both our organization and the individual states, so it set the stage for the important discussions that followed. I received many positive comments about your address and appreciate the time you took to provide them. A resolution of appreciation adopted by the member states is attached.

We look forward to working with both you and your team to advance our common issues and concerns in the future.

Sincerely,

Gregory E. Conrad
Executive Director
