C. Paton
J. Von Morse-1920
M. A. Petrilli-1010
G. Swallow-B2NE

1. Further to our conversation, I attach a copy of the Connecticut Bill 6-389 signed into law June 9, 1976.

2. Also, attached is a letter from our major customer, Universal Manufacturing.

3. Von Morse has contacted Conn. Business Industries Association, John Anderson (203)-547-1661, ex. 222; He is following 6-389 for us and will be helpful in defining registration procedure.

4. The "commissioner" referenced in the Bill is the Commissioner of Environmental Protection, Mr. Joseph N. Gill (203)566-2110.

5. Can you please arrange registration?

6. In the meantime, I have instructed COP to accept no new orders for Connecticut until we have registered. Further, they should not ship any orders on books after July 1, 1976, until we can issue specific instructions for compliance with the new law.

7. I have advised Roger Wills, Westinghouse, and Jim Flynn, G. E., of this legislation.

David Wood
