JMP updates

NHANES II Being quoted around
the world
and generally accepted by other
countries
~~in the world~~

Our Concern

Statisticians Panel

Key concern
of group

~~LEAD
EXPOSURE~~

additional Questions

- * Sampling Team & Equipment
- * Biochemical Data
- * Weather Variables
- * Urban/Rural Split for 34 of 69 locations

Conjecture

Effect of Reduced Water
lead in Boston produced
the trend in Needleman
& Rabinowitz study of
umbilical cord

(2)

Can hard water be the
variable
