You can find a full list of accomplishments from Pruitt's first year in the PDF link to the booklet below. I also attached a one page document from the year in review which is a more condensed version of the booklet. If you have any specific issues you want to highlight that you can't find in the list, feel free to email back and we can see if EPA has worked on the issue.

Do you have a list of accomplishments at EPA under Pruitt? I'm trying to put together an enviro speech for my boss and looking for stuff we can tout at EPA.
