

July 18, 2018

The Honorable Andrew Wheeler
Acting Administrator
U.S. Environmental Protection Agency
1200 Pennsylvania Avenue, N.W.
Washington, D.C. 20460

Dear Administrator Wheeler:

On behalf of the U.S. Chamber of Commerce's Global Energy Institute, I invite you to address the Global Energy Institute's Leadership Council Tuesday, September 25, 2018. We would be delighted if you could join us for either a breakfast or lunch time event, whichever is most convenient for your demanding schedule. This off-the-record discussion provides an opportunity for you to share your thoughts with senior business leaders from a diverse cross-section of industries with a stake in energy policy.

The Global Energy Institute, an affiliate of the U.S. Chamber of Commerce, was founded to unify energy policymakers, regulators, business leaders, and the American public behind a common strategy that ensures affordable, reliable, and diverse energy supplies, as well as one that improves environmental stewardship, promotes economic growth, and strengthens national security.

Thank you for your consideration of this invitation, and we very much hope you will be able to speak at this important event. Kara Conrad will follow up with your office to facilitate your participation in our Leadership Council meeting. She can be contacted by phone at (202) 463-5476 or by email at kconrad@uschamber.com. Should you have any questions, please do not hesitate to contact me at (202) 463-5636.

Sincerely,

Karen A. Harbert

*Look forward to
welcoming you back to
the group in your new
capacity...*
