

1 I mean, from your time as a mechanic?

2 A I don't look for the manual.

3 Q Okay. Do you know, did they have those
4 kinds of manuals at --

5 A They had all kinds of books to show you if
6 you have any problem.

7 They tell me, first of all, when I came
8 here, my English don't go so well and I asked a lot of
9 time, you know, like who was my boss, Mr. Keith Grewe,
10 rest in peace, I ask him what I have to do, look at
11 this, look at this if I am not real sure enough.

12 Q That is fair enough. So you are not aware
13 of what the manual would have said on that then?

14 A No.

15 Q Okay.

16 Now, I think you also said that at some
17 point in time some guy who didn't work for Foreign
18 Motors came and talked to you about marking this X in
19 the brake pads; is that right?

20 A Again, he talked to everybody over there and
21 he told, I think it was, the parts woman.
