Attached are charts reflecting the sales structure of raw asbestos fiber over the years. Such structure for the period prior to 7/1/62 has not yet been determined.

Please note the chart dated 1962-70. As indicated, fiber was sold through Johns-Manville Sales Corporation and Johns-Manville International Corporation, but only as agent for Canadian Johns-Manville Asbestos Limited.

Hopefully this will clarify this matter for you, but please do not hesitate to contact us if you have any questions.
