Dear Doug:

Thanks for your follow up wire regarding OSHA's comment to the effect that neither a physical or a release was necessary in as much as our Toms River people had their physicals as recently as August.

The next question that this raises, of course, whether or not there has been any specific cutoff date specified for future reference so that we know for our own records after what time period following a physical such additional physicals must be offered and/or releases obtained. Lets check that out and let me know.

Thanks.

Cordially yours,

. Julius

DENVER HOLT OF OSHA, THEIR GENEALOGIST, ADVISES THAT A LETTER
OF RELEASE IS NOT NECESSARY ON A LAYOFF IN AS MUCH AS THEIR
YEARLY PHYSICAL WAS IN AUGUST OF THIS YEAR WE HAD OUR LAYOFF
BEFORE I COULD GET IN TOUCH WITH HIM SO HAD EVERYONE INVOLVED
IN THE LAYOFF SIGN A WAIVER TO BE ON THE SAFE SIDE
