ANSWERING LETTER OF Mr. M. W. Malaga -#.
SUBJECT ALKYD GLOSS FUNGICIDAL
ENAMEL - Y-5069-G Mr. J. G. Kingston
Mr. W. M. Tomc

We are issuing Y-5069-G as a lead-free formula to conform to the Chicago lead law. NuAct paste E-396 is replaced with calcium drier E-382 and the same level of cobalt and zirconium is used as is in Y-900. Chicago already has a batch in production with this drier recommendation. There is no change in cost.
