Dear Wally:

Subject: Asbestosis Claims
Construction Workers

We have had considerable correspondence recently on asbestosis claims and X-ray treatment for the construction workers. We are attaching copies of correspondence from our Washington and Richmond offices dated February 6 with additional information on the problem.

As suggested in the last paragraph of Stokely's memorandum, we should advise The Aetna of our problem and solicit their assistance in ways to minimize the Workmen's Compensation claim possibilities. We will be investigating this problem in more depth; however, in the meantime, they may have some good suggestions to assist us.

Sincerely yours,
