**Subject:** [■■■■■] FW: Stockholm Convention: POPRC18 - Comments on chlorinated paraffins, long-chain PFCAs, chlorpyrifos, LRET by 17 April 2023  
**Attachments:** UNEP-POPS-POPRC.17-INF-14-Rev.1\_Indicative list of PFOA.docx; UNEP-POPS-POPRC.15-INF-9\_Indicative list of PFHxS.docx

**Importance:** High

**Categories:** #DONE

Dear colleagues,

Please find attached for your information the indicative lists of substances covered by the PFOA and the PFHxS entry of the Stockholm Convention (POPs).

Don't hesitate to send in comments on these lists if you have any by 14/04 COB.

Kind regards,

---

**Objet :** FW: Stockholm Convention: POPRC18 - Comments on chlorinated paraffins, long-chain PFCAs, chlorpyrifos, LRET by 17 April 2023

**Importance :** Haute

Dear Sir, Dear Madam,

Following the letter below, please find attached 2 more files for comments, if any:

- (1) Indicative list of substances covered by the listing of PFOA, its salts and PFOA-related compounds (UNEP/POPS/POPRC.17/INF/14/Rev.1)
- (2) Indicative list of substances covered by the listing of PFHxS, its salts and PFHxS-related compounds (UNEP/POPS/POPRC.15/INF/9)

We noted that some of the email addresses could not receive emails with file size exceeding a certain limit. In case you did not receive the first email below, please let me know.

Kind regards,

**Subject:** Stockholm Convention: POPRC18 - Comments on chlorinated paraffins, long-chain PFCAs, chlorpyrifos, LRET by 17 April 2023

**Importance:** High

Dear Sir, Dear Madam,

Please find attached the letter from the Executive Secretary of the Basel, Rotterdam and Stockholm Conventions inviting **comments on the following:**

- (1) Draft risk management evaluations for chlorinated paraffins;**
- (2) Draft risk management evaluation for long-chain PFCAs, their salts and related compounds (and supporting information, draft indicative list);**
- (3) Draft risk profile for chlorpyrifos (and supporting information);**
- (4) Draft document on long-range environmental transport.**

As noted in the letter, at the POPRC-18 meeting held from 26 to 30 September 2022, the Committee adopted the risk profiles for chlorinated paraffins and long-chain PFCAs and deferred the decision on the draft risk profile for chlorpyrifos.

On the basis of the information submitted by Parties and observers and comments provided by intersessional working group members, the intersessional working groups prepared the second drafts of the risk management evaluations for chlorinated paraffins and long-chain PFCAs, their salts and related compounds; risk profile for chlorpyrifos; and document on long-range environmental transport.

Please kindly review the attached documents and submit comments to the Committee by e-mail to: [REDACTED]@un.org, no later than **17 April 2023**.

Taking into account the comments received, the intersessional working groups will revise the documents for consideration at the POPRC-19 meeting, tentatively scheduled to take place **from 9 to 13 October 2023 in Rome**

The report of the POPRC-18 meeting (UNEP/POPS/POPRC.18/11), as well as the risk management evaluation for Dechlorane Plus (UNEP/POPS/POPRC.18/11/Add.1), risk management evaluation for UV-328

(UNEP/POPS/POPRC.18/11/Add.2), risk profile for chlorinated paraffins (UNEP/POPS/POPRC.18/11/Add.3), and the risk profile for long-chain PFCAs, their salts and related compounds (UNEP/POPS/POPRC.18/11/Add.4) adopted by the Committee are available on the Convention website: [www.pops.int/poprc18](http://www.pops.int/poprc18).

Kind regards,

\*This email is sent to the contact points of Parties and observers to the Stockholm Convention and POPRC-18 participants.
