Subject: Can I get a high resolution copy of this image for the Florida Specifier

Hi, Christie,
Hope you can help with this request. Dawn Harris-Young in EPA region 4 sent me your way with it.

On this page:
<https://www.epa.gov/superfund/superfund-cleanup-process>

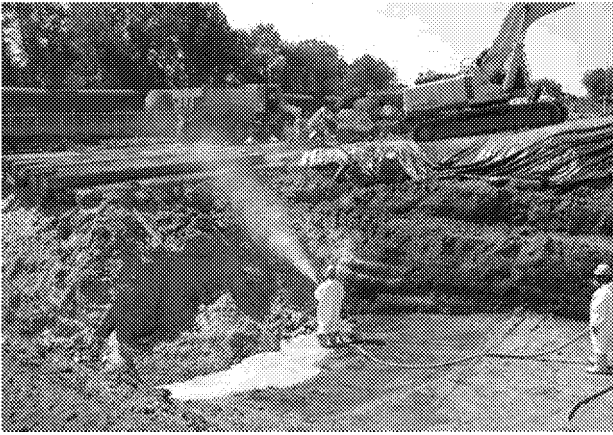

Superfund Cleanup Process | Superfund | US EPA

www.epa.gov

Resources about the process of cleaning up Superfund Sites including stakeholder involvement, policies and procedures, and partner programs.

this image is used for the RD/RA section:

May I get a high resolution copy of it by the end of the day, and a brief description of it, please.

Here's a proposed caption to use as a model. please feel free to add additional information as you see fit. The caption need be only a sentence or two.

Site remediation technicians at [some site] spray grout [or some kind of barrier] to control contaminated plume movement.
