I am very displeased with the service that I have been getting from Jersey Paper Company. I have yet to receive everything I have ordered without a few items being substituted for like items and/or receiving my order on time. The last order was on time but incomplete. This I can not condone. I have limited storage space and approximately two week of supplies kept on hand.

The following is a list of a few incidents which have occurred in the past:

<u>Product Ordered</u>	<u>Product Received</u>
12 oz. Sweetheart Cup	12 oz. Dixie Cup
6 oz. Sweetheart Cup w/o Handle	6 oz. Sweetheart Cup w/Handle
Polyethylene Bag 10 x 4 x 20	Do not stock
1/2 gal. Plaid Bucket Lids	Did not receive
Reynolds Plastic Wrap	Scotts Plastic Wrap
Household Paper Towels	Scotts Industrial Towels

I feel that future orders for paper products for the lab should come from Eisenberg Brothers who had previously supplied us with what we needed without the aggravation that Jersey Paper Company has caused.
