We contribute a 1000
dollars a year to Ted DA.

Ted is a director now
succeeding Meave (retiring 2/28/69),
Let's just leave it as is for
a while. The contribution
is made by Brit Amer Metals

Dear Ross:

In view of the situation as it is taking shape for United States producers as contributors to ZI, ILZRO, and indirectly to ZALIS, the reasons which made us become a contributor to the ZDA are ceasing to exist and we hereby wish to advise you of our resignation as a supporter effective the first of this year. I am sorry that as a matter of business conduct we have to do this, but it is necessary. Our association with ZDA has been a most satisfactory one and, of course, we have had much admiration for the work of ZDA and for your own work, both of which, we know, will continue on their course.

I am addressing this letter to you since you are our live contact with ZDA. I am sure that if a notification to the Chairman is desired, you can make it on the strength of this letter. We, and I, personally, express our best wishes and regards to the members of the Council.

I am looking forward to seeing you again soon at one of the other of the gatherings where our industry meets.

With very best wishes.

Sincerely,

F. R. Jeffrey
President
