DOCUMENT DESCRIPTION: Letter from Abex to Oshkosh Truck Corp. Stating Abex will no Longer be Handling Products with Asbestos

Abex

APR 16 1987

IC Industries

Abex Corporation
Friction Products Division

April 14, 1987

Ms. Janet A. Dorschner, Buyer
Oshkosh Truck Corporation
2300 Oregon Street
Oshkosh, WI 54901

Dear Ms. Dorschner:

As stated in my January 30, 1987 letter to you, Abex will no longer handle materials containing asbestos after December 31, 1987, and orders cannot be accepted after September 1, 1987.

It would be advisable to you to order the quantities needed for September thru December 1987, as well as quantities for the period of time needed to approve a non-asbestos replacement.

For your part numbers 1630G and 879H, we suggest you order Abex non-asbestos formula, NA-27, for testing as soon as possible.

Sincerely,

Michael W. Hurst
