Subject NIOSH REQUEST FOR INFO ON CERTAIN CHEMICAL Date 8/4/75  
AGENTS

Attached please find an updated list of chemical agents (ICD products or raw material) suspected of being carcinogenic. If you feel that any of the additions to this list should undergo a literature search, would you please initiate the search.

Thank you  
Michael

ICD PRODUCTS/RAW MATERIALS  
ON  
6/23/75 NIOSH LIST

✓Ammonia IP  
Benzene X  
Benzyl Chloride  
✓p-Benzoquinone  
✓Boric Acid ?  
Cadmium Oxide  
✓Chromic Acid X  
Chromic Oxide  
✓Dimethyl Sulfate X  
✓Ethylene Glycol  
✓Ethyl Alcohol  
✓Formaldehyde ✓  
✓Hydrazine X

✓Lead Acetate X  
✓Nickel X  
✓Nickel Acetate ?  
Nickel Oxide  
Oleic Acid  
✓Paraffin  
✓Polyethylene Glycol  
✓Sodium Dichromate X  
✓Styrene  
Thiourea X  
✓Zinc Chloride ?  
Zinc Sulfate

## Products -

|                                 |          |     |   |
|---------------------------------|----------|-----|---|
| Lead acetate                    | AI-52500 |     | X |
| Boric acid                      | ED-45500 | *   |   |
| Chloroform                      | FS-91000 |     | X |
| Chromic Acid ( $\text{CrO}_3$ ) | GB-66500 |     | X |
| Sodium Dichromate               | HX-77000 |     | X |
| Formaldehyde -                  | LP-89250 |     | X |
| Nickel acetate                  | QR-61250 | * ✓ |   |
| Dimethylsulfate                 | WS-82250 |     | X |
| Thiourea                        | YU-28000 |     | X |
| Zinc Chloride                   | ZH-14000 |     |   |

## Raw Material -

|                    |          |   |    |   |
|--------------------|----------|---|----|---|
| Ammonia            | BO-08750 | ✓ | IP |   |
| Benzene            | CY-14000 |   |    | X |
| Hydrazine          | MU-71750 |   |    | X |
| Nickel - elemental | QR-59500 |   |    | X |

X Acetate for Synthesis  
by Use - 7125
