Dear Dr. Bilgrad:

The Chemical Manufacturers Association hereby requests you to send one copy of National Death Index Application number 84-0012 to Jonathan Ramlow at Dow Chemical, Epidemiology Department, 1803 Building, Midland, MI, 48674, and a second copy to me at CMA. Your early response to this request will expedite an update of the vinyl chloride epidemiology study that Otto Wong of Environmental Health Associates undertook in 1984 for CMA.

If you have any questions, please contact me at (202) 887-1192. Thank you for your cooperation.

Sincerely,

A handwritten signature in dark ink, appearing to read "Has Shah", written in a cursive style.

Manager, Vinyl Chloride Panel
