SUBJECT Aroclor Labels Plasticizers

REFERENCE

TO ~~10/1/71~~ R. G. SIDO Chlorinated Hydrocarbon and Include NOTICE copy 1154/53 Proposed label layout attached

Could you please modify the following labels so that they will include the new food/water applications cautionary statement. The attached Aroclor 1221 label looks fine to me.

Aroclor 1221, 5432, 5432-10%, 6040, 6050, 6062, 6062-10%, 6070, 6070-10% xylene, 6090, 5442.

The bags for 5460 and 5060 also should be modified to include this statement.

Thanks.

Wilk
