One Gateway Center
Pittsburgh, Pennsylvania 15222

Dear Dr. Grant:

Enclosed is a copy of the November 1970 asbestos sampling results in Port Allegany.

An x-ray trailer and pulmonary function equipment will be sent to Port Allegany from the Appalachian Laboratories for Occupational Lung Diseases, N.I.O.S.H., Morgantown, West Virginia. Mr. Carl Olm has been telephoned regarding power, water, and space requirements. We plan on screening about 60 people a day starting Monday, September 13.

Mr. David Bayliss and Mr. Richard Leman will accompany me from Cincinnati for our meeting in Port Allegany on September 7. Dr. Tanaka from Harrisburg and Mr. Woodring from Meadville will represent the Pennsylvania Occupational Health Program. Mr. Olm has arranged for a plant tour at 9:30 A.M.

We look forward to meeting you.

Sincerely yours,

William H. Johnson, M.D.
Acting Chief
Medical Investigations Branch
Division of Field Studies
and Clinical Investigations
