Subject: Apologies

Sorry I missed our ECOS call last week. As is often the case, I blame the MD General Assembly! They are easily distracted and diverted and I am often along for the ride. They are focusing in on climate change, RGGI politics, RPS, the role of natural gas and the battle over pipelines, CAFO air emissions, among other things. MDE is focusing on OTC, RGGI, title 5 permitting and SIPs, and chairing ECOS Air Committee.

I look forward to working with you and team OAR. If I can help in ways, either as a Marylander, a former Arizonian, or an ECOSian chair of the Air Committee, please let me know. Glad you, Clint, Tad Aburn of MDE, and Kelly Poole of ECOS got a chance to meet and greet a bit while waiting for AWOL Grumbles. Looking forward to rescheduling or catching up in person soon.

Also Looking forward to tomorrow's call with you and ECOS writ large.

Best.  
Ben
