Hi Andrea –

This is Katelyn Bledsoe. I oversee external affairs for Americans for Prosperity. I hope you all are settling in well during this exciting time!

Question for you all. I know you all are incredibly busy at the moment, but I have been asked to see if the Secretary is taking high level meetings with industry leaders. A close partner of our broader network who leads a major energy start up (focusing on building a reliable and affordable home energy service powered by distributed batteries that support the grid

during times of peak need) is extremely excited about the work Secretary Wright is doing and would love an opportunity for some kind of touchpoint.

I am sorry to be a bit cryptic and I am happy to share more in-depth information over a call if you all are interested.

If you are, feel free to give me a call at any time (b) (6).

Katelyn
