Attachments: BRC - PFAS - input INEOS (final).pptx

Dear ,

Find attached the presentation from INEOS for the special BCR on PFAS of next Tuesday.

I'm looking forward to talk to you on this topic.

Kind regards,

Dear ,

For INEOS – will be in the room. I will have some colleagues joining by TEAMS for the relevant session. They will register via the survey.

Kind regards,

From: (SPF Santé Publique - FOD Volksgezondheid) < @health.fgov.be>

Subject: Input by 17/03 COB - Ad-Hoc BCR on the PFAS restriction proposal - draft agenda and further planning
Importance: High

ATTENTION: This is an External message. Be cautious.

Dear BCR stakeholders,

Many thanks for your interest in attending the ad-hoc open BCR meeting on the PFAS restriction of 28/03.

In order to ensure that you all have the opportunity to present your case we would like to ask the following of you:

- Some of you have not yet send us the filled in questionnaire (see annex for empty doc), please note that **if you do not send us a filled in questionnaire we cannot plan your intervention in the agenda**
- Since we have limited capacity in our meeting rooms we ask you to attend with maximum 2 persons of your organization in person, others can access via Teams if they fill in the online survey: [registration for the Ad-Hoc open BCR ' Universal PFAS Rrestriction' \(surveyhero.com\)](https://surveyhero.com)
 - You can only present your case if you are physically present, interventions via Teams will not be possible
 - Please send to us the 2 persons of your organization that will be present at the meeting room so we can grant them access to the building
- As the BCR is a Belgium national coordination structure, please ensure that your intervention will be focused on BE related topics.
- Kind reminder that the interventions should be 10 min max. The interventions will be grouped in 4 to 5 with a short Q&A afterwards.
 - Please keep in mind that your interventions will be public and other stakeholders will be able to see them. If you wish that your intervention is treated confidential you should specifically mention this so we can plan this at the end of the day.

In the annex you can find the preliminary agenda of the meeting (please note the intervention grouping may still change), the interventions highlighted in red are those for which we did not yet receive a filled in questionnaire, these **red highlighted interventions will not be retained in the agenda if we do not receive a questionnaire by the end of the week.**

Please also **fill in at your agenda point which 2 people will be attending in person to present**, only these people will be granted access to the building. If there are already more then 2 people indicated we kindly ask you to reduce this to 2 persons max.

Could we kindly ask you to provide us this information (filled in questionnaire + 2 persons presenting) at the latest by 17/03 COB?

We remain at your disposal for any questions and clarifications.

Many thanks for your cooperation, and hope to see you 28/03!

Kind regards,
