Sir:

I have followed up on your request for a contact at the army corps of engineering (ace) but have been a little delayed as I am out of town for a funeral .

Ace civil works does not currently have a political appointee on board. The current senior official is Douglas Lamont, who is a career Ses. His scheduler is Regina who can be reached at 703-697-4672. I do. It have an email (yet).

I have been informed that the corps has an entire office at their engineering research development center that does invasive species work. They have been informed of your interest.

Please let me know how I can help you with this topic or anything else.

Marc,  
I have some followup questions - could you connect me to your colleague that stopped by the office? Thank you.
