v. New Primex Realty Associates

Dear Mr. Locker:

In response to yours of May 31, 1983, please be advised that there have been no significant developments in the above-captioned since an examination before trial in January of 1983. This case is on what is called a general deferred calendar and we are presently awaiting full medical reports of all physicians who had treated the plaintiff for a number of years prior to the onset of her cancer. This was stipulated at the January, 1983 examination before trial and upon receipt of the same, we will forward them to our oncology expert in Rochester, New York, for his evaluation.

We will advise you of further developments.

Very truly yours,

MACKENZIE SMITH LEWIS MICHELL & HUGHES
