Dear Professor Lehoue,

Thank you very much indeed for your letter dated October 26th. We are very pleased to note that you are now able to release - on a confidential basis - the statement on the hygienic aspects of lead. We feel certain that Dr. Dirollina will find it most useful and we are now writing to him advising him of your decision.

We will certainly send you a copy if the statement is translated into Italian.

Once again, our sincere thanks for your valuable assistance.

Yours very truly,
MOBIL OIL COMPANY LIMITED.
