

THERMAL INSULATION ASSOCIATION OF CANADA
583 Church Street, Toronto 5, Ontario / Telephone 927-0151

April 28, 1966

Mr. J. M. Barnhart, Executive Secretary
National Insulation Manufacturers Association
441 Lexington Avenue
New York 17, N. Y.
U.S.A.

Dear Mr. Barnhart:

This Association is convening an International Convention of the Insulation Industry in Montreal, Quebec, co-incident with "Expo '67" at the Queen Elizabeth Hotel From July 2nd through July 9th, 1967.

For your information, our Association is comprised of members across Canada, and is primarily an Association of Insulation Contractors, with representative membership of Manufacturers and Distributer-Suppliers (also nationally).

As you may be aware, I. D. C. N. A. is convening their Twelfth Annual Convention simultaneously with that of this Association's Fifth at that time, and upon completion of their and T. I. A. C.'s Annual Meetings, the Convention will evolve into a broader basis with participation of delegations from the U. K. and possibly Europe, Australia, New Zealand and Japan, whereat exceptional speakers present various papers and topics of general interest regarding insulation and its world developments in seminar. In view of this, our Board of Directors would welcome the opportunity to discuss the type of program in general terms that we have in mind between our Executives, and therefore invite your participation, as it would definitely appear to warrant your support and interest.

I trust that this will establish communication between us on this important matter, and that we may look forward to an early reply from you

Yours very truly

Thermal Insulation Association of Canada

/s/ James E. Hambly
Executive Secretary
