Battery Division
Globe-Union Inc.
5757 North Green Bay Avenue
Milwaukee, Wisconsin 53201

Dear Mr. Mason:

LIA Membership

It is my pleasant duty to inform you that our Board of Directors unanimously approved your application for membership in the Lead Industries Association, Inc.

We are placing your name on our mailing list to receive all statistics, reports, publications, etc. and you will be listed as the official representative of your company. As such you will receive our invoice for membership, proxies and such reports or documents wherein distribution is limited to one copy per member. As I requested in my earlier letter, if there are any other people in your organization that you wish to have placed on our mailing list to receive the various releases, please let me know.

I sincerely hope that you or other representatives of Globe-Union upon your next visit to New York City will set a little time aside to visit with us. We will of course call on you the next time I or any of the other representatives of LIA are in Milwaukee.

In an attempt to bring you up to date on the affairs of the Association I am attaching a copy of the minutes of the last annual meeting of the members and will get together a batch of literature that we have published on battery applications.

I might also point out that we have a 15-minute 16MM sound and color motion picture entitled "Lift Better Electrically" that you may wish to borrow for review by yourself and other members of the staff.

Sincerely yours,

LIA02198
