Don't Put It in the Attic

It's Fun to Refinish It Yourself
—We'll Tell You How

MANY lovely home things are put in the attic when they are old only on the outside. They would look as good as new if refinished.

You can refinish them yourself with a little paint, varnish, or enamel, and a bit of work "that is really fun."

We organized a special department just to tell you how to refinish things successfully. Write our "Home Service Department," telling them what you want to refinish and how you want it to look.

Our experts will tell you just how to do the work, what materials, brushes, etc., you need.

We make special paints, varnishes, enamels, wall finishes and stains for you to use. They

are the results of 73 years in the paint making business. They are the best materials of their kind that we know.

Ask for Fuller's Free Advice and use Fuller's Products to make your home even more attractive than it is now. The work is easy and fascinating. The results are a wonderful reward.
