Mr. J. M. Sharratt
Johns-Manville
Asbestos Fibre Division
3115 Blodgett Avenue
Houston 4, Texas

Dear Mike:

I have your letter of May 22 concerning the use of 50 pound bags for our recent carload order of FLOSAL.

At the $80.00 per ton F.O.B. Coalinga rate, we would take our material in 50 pound bags. For the present, if the $84.00 per ton rate must apply if 50 pound bags are used, we would prefer the 100 pound bags.

Yours very truly,
