

Note To File:

Vinyl Chloride Study - Update from January 1, 1972 - December 31, 1980.

1. Texas City (Total: 289)

- use UC1 and UC2 tapes (through 1979)
- Then manually update through 1980

2. KV - 514 only (Total: 1520)

- use KV study tape (through 1978)
- then use Work History file to update through 1980
(need to merge D. Pauley's effective date data - check MMR)

--Only use dept. codes to identify exposures to VC/PVC (not effective dates)

--Provide only dates of exposure within a VC/PVC dept. and the final T.R.
(SGA - 10/15/82)
