Dr. Verne C. Davis
59 E. Madison Avenue
Chicago, Illinois

Dear Dr. Davis:-

I have seen the bearer, Mrs. A. N. Brodt, in the capacity of medical advisor to her employer. She has been having attacks of severe acute pain in the region of the anus and rectum for the past six years. Believing that some local condition may exist, I am referring her to you for examination and any treatment you may find indicated.

Will you please, on completion of your examination, forward to me a note on your findings?

Very truly yours,

LWS:is

L. W. Sanders, M.D.
