College in Fal

EUREKA, Kan., April 12 George W. Babson, 71-y economist, said today his College here would open w first five-week course next C

Babson described his coll a training center for the ri near-rich and a refuge fro depression or a Communistic ing which he declared migh within the next five years.

The economist and busines caster, who arrived here Th has invested more than $50 Eureka residential propert will spend another $25,000 the college opens.

Utopia, he explained, will size the theme of security. Eureka had been selected staff of economics experts mathematical center of th secure, self-sustaining region world.

He denied vigorously, h reports that he intended to b atomic bomb shelter here.

Babson said Utopia College would compete with liber colleges, of which Kansas has plenty. Instructors wil chiefly from the Babson I at Wellesley, Mass., and hi business school for wom Florida.

Earlier Babson said an a had paid $1000 for one acre o land a mile from the Utopia ment.

He disclosed that Ted Put Wellesley Hills, Mass., bou unimproved acre for an inve Babson said he had been investments in farmland in gion, which he said is "ric time of peace and safest of war."
