BUREAU OF MINES

WASHINGTON

February 15, 1928.

Dr. A. J. Lanza,
Metropolitan Life Insurance Co.,
New York City.

Dear Dr. Lanza:

I was very glad to receive your telegram of February 12, stating that everybody was apparently well pleased in Picher. I had no great fear when I left that things would not straighten up in very good shape due to your well-known ability as a diplomat.

I shall try to arrange to see you sometime during the coming week and shall wire you in advance. As you know, the Bureau of Mines sent one of our cars to the fire in Canada and Harrington went along to help them out. He has to spend the early part of next week in New York and probably will get to see you. It is practically imperative that either he or I remain in Washington, so it would be the latter part of next week before I could be in New York.

Assuring you of my appreciation of your help,
I am

Yours sincerely,

R. R. SAYERS
Chief Surgeon, U.S.B. of M.
Surgeon, U.S.P.H.S.
