Personal thought on the mat-
 ter. We hope the cutters and the
 dealers do get together on this
 matter as the industry can stand a
 bit of regulating. All parties agree
 that it is hectic to have to come
 down at daybreak on the chance
 there will be fish to work and then
 hang around till dark on the
 repetition of the same chance.

Most of the boys agree that the
 wages are for the most part rea-
 sonable but dealers and cutters
 both think the hours are terrible.
 No one has done anything by way
 of relieving the situation, how-
 ever, till now.
