Hi Tom,

Is there a good time for us to talk on the phone on Wednesday?

Thanks,

Patrick Davis

Patrick,
Alan will be attending a meeting with me tomorrow and if the opportunity allows he can bring up this opportunity.

In regards to the summit the sooner we can chat the better. We are finalizing our workshops now. You can see what we have planned on the website. <http://utahoutdoorsummit.com/#summit-agenda>

Hi Tom,

We would like to attend and participate in the discussions at Utah Outdoor Recreation Summit in September. As the dates get closer I will be back in touch.

Thanks, again.

Patrick,

Thanks for the clarification. Now that I read it again it is perfectly clear.

The dates I listed in #2 capture the people we would like to engage. Depending on the topic we could possibly have a presentation at our Outdoor Summit. If you look over the agenda you can see the user groups we are supporting. Feel free to call me so we can chat in more depth.

Thanks,

Tom Adams

Hi Tom,

Thank you for responding.

#3 is asking "who" you recommend participate in this forum. The topics you wrote about would likely be discussed at the meeting.

Thanks,

Patrick Davis

Subject: Re: May I please ask three things from you?

Patrick,

Thank you for reaching out and we would be happy to help. Below are the answers to your questions

1. Rose Smith
2. May 1st Outdoor Recreation Advisory Committee, Sept 4-6 Utah Outdoor Recreation Summit
3. Hearing what is being done, How we can help, How leasing works on BLM lands, Outdoor projects that have been completed by extraction companies in partnership with rec

I'd like to talk more about #3. I'm not completely clear on the options.

Thanks

Hi Tom,

Alan Matheson shared your name with me.

EPA Region 8 will host a series of forums to interact and dialogue with industry reps and stakeholder groups representing key sectors of the economy in the states of CO, MT, ND, SD, UT, and WY. These forums will resemble the oil and gas round table held in Denver in February (<https://www.ogj.com/articles/2018/03/epa-holds-2-days-of-discussions-in-denver-about-oil-and-gas-issues.html>).

Forum goals include fostering a better understanding among EPA personnel of industry business models and best practices in environmental protection, and providing an opportunity for industry participants to learn about EPA's regulatory processes.

Region 8 Smart Sectors is partnering with trade associations and industries that represent the engine of the Region's economy and provide significant opportunities for environmental impact. Additional sectors may be added over time.

Region 8 Special Emphasis Sectors Include:

- Agriculture and food/beverage production
- Mining
- Outdoor Recreation/Tourism

May I please ask three things from you:

1. Name of the staff in your office with whom we should coordinate your organization's participation in these events.
2. A time in the coming months when your industry is gathered and could engage in a dialogue with the EPA.
3. Your suggestions for participants at these events

Thanks,

Patrick Davis
