REQUEST NO. 10:

Any and all writings or documents of any nature whatsoever referring, reflecting, concerning or relating to in any way to the effects of the absorption or inhalation of asbestos dust and/or airborne asbestos particles on humans and/or animals in the possession of this Defendant, any predecessor or related companies, or which this Defendant, any predecessor or related companies ever received, conducted, participated in or funded in whole or part.

RESPONSE:

See Answers to Interrogatory No. 43, 58, 79, and 86 in Dana Corporation's Supplemental Answers and Objections to Plaintiffs' Interrogatories Regarding Warner Electric Brake & Clutch Company Pursuant to Order Dated October 20, 2003. Documents responsive to this Request have been produced in response to Request for Production No. 9 and potentially for one or more other Requests.

REQUEST NO. 11:

Any and all writings or documents of any nature whatsoever reflecting any claim or claims made against this Defendant, any predecessor or related companies, wherein it was alleged that any individual sustained an injury, impairment, disease or death caused by exposure to asbestos, including, but not limited to, all lawsuits or worker compensation claims filed against this Defendant, any predecessor company or related companies. While the Plaintiff reserves its right to request any of the above noted documents in the future, it is presently
