SUBJECT: Excess Victopac - Plant #2

Concerning my note of the 10th, covering the subject, Mr. C. McNamara talked to me today and said they have an interest in the Victopac as follows:

I. They will accept the following material at full value.

<u>Skid</u>	<u>Value</u>
45	\$ 206.99
8	161.62
5	213.84
46	401.17
290	<u>396.48</u>
Total	\$1380.06

II. They would accept the following material for use as V-60 (on deviation). However, they would have to scrap the the centers, so they would accept at prime cost less center allowance.

<u>Skid</u>	<u>Full Value</u>
113	805.13
280	74.68
61	187.50
