DOMTAR PACKAGING

The above order calling for 50 sheets of Style 61 Compressed Asbestos Sheet, 60" x 63" x 1/16", according to your telex of 5/16 you are requesting us to place the order on Manville. Since the confirming order of our telex has already been sent to Waukagan, trust you will be able to forward it on to J. Patero at PFM.

Lately quite a number of Style 60 and Style 61 Sheet orders that we have placed on your plant we have been advised that they have either been forwarded on to Manville or we should place them on Manville. Please clarify this action by way of guidance. Should all orders for these materials be placed on Manville, or just specific sizes. Is this a temporary or permanent situation?

P. Skinder - Winnipeg

*Subject order sent
to Manville 5-21st sheet*

*As of 5-23 all orders
