Subject: Meeting request for EPA Administrator Pruitt

Hi Samantha,

Thanks so much for passing along your email address. I hate to ask you for this but a company that has been a big supporter of the President's agenda reached out asking if they could meet with Administrator Pruitt.

Here is the ask/background:

The Mosaic Company is among the top producers in the world of agriculture nutrients, such as phosphates. Essentially it's a mining company with vast mining operations in Florida and elsewhere. The company was egregiously over regulated during the Obama administration and would appreciate an audience with EPA Administrator Pruitt to brief him about that unnecessary and costly regulatory burden on its operations.

Their President, Joc O'Rourke, would will be in DC on June 21 and June 22. Do you know if the Administrator would have a moment to meet with him?

Thank you so much!
Katie
