Mr. David Brusky
9448 Glen Lake
Apartment 2B
Rosemont, Illinois 60018

Dear Mr. Brusky:

Dulux® Satin-sheen Varnish #706C contains no toxic heavy metals. In particular it meets the American Standards Association criteria for paints which may be used on children's toys and furniture, and interior household surfaces. As such, it is completely safe to use on a baby crib.

Very truly yours,

William W. Miller
Toxicity Coordinator
