Dear Mr. Wheeler;

I wish to acknowledge your letter of July 23, 1970, relative to the polychlorinated biphenyls. The information provided, in view of the continuing controversy over the presence of PCB's in the environment is indeed very welcome and will certainly be of assistance to us.

Once again may I express, on behalf of Mr. Clegg, Dr. McCully and myself, our appreciation for your many courtesies. Please also convey our regards to Dr. Kelly.

Yours sincerely,
