April 21, 1971

Mr. R.J. Young
Tenneco Hydrocarbon Chemicals Division
P.O. Box 894
Pasadena, Texas 77501

Dear Bob:

As discussed during our telephone conversation on 4/21/71, the attached table lists the analyses performed by our laboratory starting with 3/19/71. Our analyses showed normal impurity levels (similar to analyses from 3/19/71) prior to that date.

We certainly hope that the results will help you in your efforts to have the impurities reduced.

Very truly yours,

TENNECO PLASTICS DIVISION
Tenneco Chemicals, Inc.

F.W. Kanzler
