**Re: Notice of Violation
RCRA 3007 Information Request
Curia Global, Inc.
EPA ID# NYD083626077**

Dear Mr. Maychack:

The United States Environmental Protection Agency (EPA) is charged with the protection of health and the environment under Section 3008 of the Solid Waste Disposal Act, as amended by the Resource Conservation and Recovery Act (RCRA) of 1976 and the Hazardous and Solid Waste Amendments (HSWA) of 1984, 42 U.S.C. § § 6901, 6928.

Pursuant to RCRA, as amended by the Hazardous and Solid Waste Amendments of 1984 (HSWA), EPA promulgated rules, regulations, and standards governing the handling and management of hazardous waste as set forth in 40 Code of Federal Regulations (C.F.R.) Parts 260-272. For the purposes of this Notice of Violation and Information Request, the hazardous waste regulations governing the generation of hazardous waste were promulgated in 1980 and amended by HSWA in 1984.

On or about September 20, 2023, a duly authorized representative of EPA conducted an inspection of Curia Global, Inc. (hereafter referred to as the facility) located at 33 Riverside Avenue, Rensselaer, New York 12144. This inspection was performed pursuant to Section 3007 of RCRA, 42 U.S.C. § 6927, to evaluate your compliance with RCRA.

The State of New York is authorized by the EPA to conduct a hazardous waste program under Section 3006 of RCRA, 42 U.S.C. § 6926 and is authorized to enforce RCRA. The EPA has retained its authority to enforce the hazardous waste rules and regulations in the State of New York.

Enclosed you will find a copy of the inspection report prepared by the authorized EPA representative (Enclosure I). The Regulatory Concerns detailed in Section III of the inspection report, titled Areas of Concern, are hereby incorporated by reference as the Notice of Violation (NOV) portion of this letter which is issued pursuant to Section 3008 of the Solid Waste Disposal Act, as amended by RCRA and HSWA, 42 U.S.C. § § 6901 and 6928. Issuance of this Notice of Violation and compliance with its terms do not preclude EPA from taking any other formal enforcement action against you and/or your company under Section 3008 of RCRA, 42 U.S.C. § § 6901 and 6928, or any other applicable regulation or statute.

If you have not already done so, you must take immediate action to correct the violations described in the Regulatory Concerns section of the inspection report. Please submit within thirty (30) calendar days of receipt of this Notice of Violation, a response which includes for each regulatory concern either:

- a detailed rebuttal explaining why the violation did not exist at the time of the inspection, or
- a description of the actions you have taken to correct the violation.

In either case, please provide supporting documentation (e.g., photographs, inspection records, operating records) demonstrating that each violation either did not exist or was corrected.

Also enclosed is a request for additional information (Enclosure II) pertaining to the management of hazardous waste at the facility. The request for information is made pursuant to the provisions of Section 3007, 42 U.S.C. § 6927, which requires that you provide the information requested in Enclosure II to this letter using the instructions and definitions included in Enclosure III. This information is required to evaluate the full regulatory and compliance status of the facility. The information requested in Enclosure II must be submitted no later than fifteen (15) calendar days from receipt of this letter. The response must include the Certification of Answers (Enclosure IV) which must be signed by a responsible official or agent of your organization.

Requests for additional time to provide this information must be justified and made within ten (10) calendar days of receipt of this letter.

Failure to respond to this letter truthfully and accurately within the time provided may subject you to sanctions authorized by federal law, including but not limited to a potential enforcement action pursuant to Section 3008 of RCRA, 42 U.S.C. § 6928. Please also note that any information you provide may be used in an administrative, civil judicial, or criminal action. This information request is not subject to the requirements of the Paperwork Reduction Act (PRA) as amended, 44 U.S.C. § 3501 et seq.

You may, if you so desire, assert a business confidentiality claim covering all or part of the information herein requested. This claim may be asserted by placing on (or attaching to) the information at the time it is submitted, a cover sheet, stamped or typed legend, or other suitable form of notice employing language such as "trade secret," "proprietary," or "company confidential". The claim should set forth the information requested in 40 C.F.R. § 2.204(e)(4). Information covered by such a claim will be disclosed by EPA only to the extent permitted by, and by means of procedures set forth in, 40 C.F.R. Part 2. EPA will review the information to determine the extent of confidentiality of the information, and may, at its discretion, challenge the confidentiality claim pursuant to the procedures set forth at 40 C.F.R. Part 2. If no such claim accompanies the information when it is received by EPA, it may be made available to the public by EPA without further notice to you.

The response to this letter with the signed Certification of Answers (Enclosure IV) must be emailed to Chernes.william@epa.gov or mailed to the following addressee:

William Chernes – Enforcement Officer
Hazardous Waste Compliance Section
RCRA Compliance Branch
Enforcement and Compliance Assurance Division
U.S. Environmental Protection Agency - Region 2
290 Broadway, 21st floor
New York, New York 10007-1866

Enclosure I
Inspection Report
Curia Global, Inc.

The inspection report is attached to the email correspondence sent to the facility.

Enclosure II
Information for Request

1. With regards to the violations cited in the above Notice of Violation (Section III of Enclosure I), please provide (1) a description of the actions taken to correct the violations cited and provide documentation such as operating records, photographs (where applicable), etc., verifying that each violation has been corrected; or (2) a rebuttal of the violations including any supporting documentation demonstrating that the violation did not exist.
2. With regards to the subpart BB requirements cited in the Notice of Violation (Section III of Enclosure I), has the facility employed a subpart BB program to ensure compliance with these requirements? Has the facility had any programs in place that would show compliance with these regulations at the time of and/or prior to the time of inspection?
3. Is the hazardous waste that is conveyed from the receiver tanks to the tanker truck storage in light or heavy liquid service? What percent of the waste is organic solvent, and what is the vapor pressure of this hazardous waste?
4. With regards to the air scrubber used to collect the lights off of the three tanker trucks, what is the efficiency of the scrubber? If there is more than one scrubber in use, please state so, and provide their efficiencies as well.

Enclosure III

Instructions and Definitions

In responding to this Request for Information, apply the following instructions and definitions:

1. The signatory should be an officer or agent who is authorized to respond on behalf of Curia Global, Inc. The signatory must sign the attached Certification of Answers (Enclosure IV) and return it with the response to this Request for Information.
2. A complete response must be made to each individual question in this Information Request. Identify each answer with the corresponding number listed in Enclosure II.
3. In preparing your response to each question, consult with all present and former employees and agents of the facility who may be familiar with the matter to which the question pertains.
4. In answering each question, identify all contributing sources of information.
5. If you are unable to answer a question in a detailed and complete manner or if you are unable to provide any of the information or documents requested, indicate the reason for your inability to do so. If you have reason to believe that there is an individual who may be able to provide more detail or documentation in response to any question, state that person's name and last known address and phone number and the reasons for your belief.
6. If you cannot provide a precise answer to any question, please approximate and state the reason for your inability to be specific.
7. For each document produced in response to this Request for Information, indicate on the document or in some other reasonable manner, the number or letter of the question to which it applies.
8. If anything is deleted or redacted from a document produced in response to this Request for Information, state the reason for and the subject matter of the deletion.
9. If a document is requested but is not available, state the reason for its unavailability. In addition, identify any such document by author, date, subject matter, number of pages, and all recipients and their addresses.
10. The facility, for the purposes of this Request for Information, is Curia Global, Inc.
11. A hazardous waste generator is defined, for the purposes of this Request for Information, as any person (which includes this facility) whose act or process produces hazardous waste or whose act first causes a hazardous waste to become subject to regulation.
12. A large quantity generator of hazardous waste is a hazardous waste generator which generates 1000 kilograms or greater of non-acute hazardous waste, or more than one quart of acute hazardous waste listed in 261.33(e), in a calendar month.
13. A small quantity generator is a hazardous waste generator which generates greater than 100 kilograms but less than 1000 kilograms of non-acute hazardous waste in a calendar month in accordance with 40 C.F.R. § 262.34(d).
14. *Hazardous waste* is defined, for the purposes of this Request for Information, as it is

defined in Section 1004(5) of RCRA, as amended, 42 USC Part 6903(5).

15. *Manage* is defined, for the purposes of this Request for Information, as: to market, generate, treat, store, dispose, or otherwise handle.

16. *Hazardous Constituents* is defined, for the purposes of this Request for Information, as those substances listed in 40 CFR Part 261 Appendix VIII. 17. The term *Solid Waste Management Unit (SWMU)* is defined, for the purposes of this Request for Information, as any landfill, surface impoundment, land application area, waste pile, incinerator, tank, injection well, transfer station, waste recycling operation, tank, or container storage area that currently or formerly was used to manage a solid waste.

CERTIFICATION OF ANSWERS TO REQUEST FOR INFORMATION

I certify under penalty of law that I have personally examined and am familiar with the information submitted in response to EPA's Request for Information, and all documents submitted herewith; that the submitted information is true, accurate, and complete; and that all documents submitted herewith are complete and authentic, unless otherwise indicated. I am aware that there are significant penalties for submitting false information, including the possibility of fine and imprisonment.
