Dear Larry:

Thank you for your letter of October 22, transmitting Joseph D. Becker's letter of resignation from the MCA Food, Drug & Cosmetic Committee. Although we shall miss Joe, his resignation is understandable in view of the scope of his present assignments.

We have noted your nomination of Bruce T. McMillan as Joe's successor on the Committee and will see that this is processed through the usual channels. You will be hearing from us again shortly.

Sincerely yours,

McMillan
