

November 12, 1948

Mr. Lewis J. Silverman,
Union Asbestos & Rubber Co.
332 South Michigan Avenue,
Chicago, Illinois.

Dear Lew:

Asbestos Dust Experiments

We had our meeting yesterday and were very happy to have Mr. Shuman with us, although I would have liked it very much if you could have been present also.

Mr. Shuman will no doubt write you about the meeting and the conclusions arrived at, in all of which I believe he concurred.

Inasmuch as the report that I sent you is a draft and will, we hope, be changed in certain particulars before publication, I shall appreciate your returning it to me.

I also have your letter of November 3rd, enclosing copy of letter of November 1 from Mr. Roemer concerning the New Jersey statute of limitations, but have not been able to give it consideration as yet. Will write you later in that connection.

With kindest regards, I am

Sincerely,

Vandiver Brown,
Secretary.
