

Interoffice Communication

To J. E. Cearley
From G. L. Foshee
Date July 14, 1977
Subject Waiver of Compliance from Requirements of Emission Standard for Vinyl Chloride

Telephone conversation with Gary Bernath--
Date: 7-13-77

Gary stated:

- 1) The telephone call to him was all that was needed.
- 2) That waiver of testing is automatic with approval of Waiver of Compliance.
- 3) They will have on-site inspection in the near future.
- 4) That each increment listed for each compliance schedule number must be reported within 10 days after achievement.
- 5) That no letter is needed or wanted now.
- 6) That Mr. Phillip Schwindt (Compliance Testing) does not have to be called.
- 7) That the semiannual report beginning September 15, 1977 will be required.
- 8) The waiver is complete approval of our request.
- 9) That discussion of the leak detection plan will take place during the on-site inspection.

Reference - The initial request dated December 21, 1976 and supplemental information letter dated March 23, 1977.
