Dear Dr. Kehoe:

I read the brochure by you and Dr. Ash on lead poisoning at the recent A. M. A. convention with considerable interest.

I would appreciate your courtesy in advising me whether you have ever noticed the changes in the intestinal mucosa described by me in a limited number of cases? I am sending a reprint under separate cover and would appreciate any data that you can furnish.

Thanking you for your courtesy, I beg to remain

Sincerely yours,

Joseph Felsen
