Just wanted to let you know that I reached out to Mineral Resources and Alaska Regional SOL Offices to ask whether they might have any matters that the wanted the Sec's office to be aware of in advance of this meeting. (I saw that on the meeting form the "particular matter" line was checked, and I know Pebble mine is much in the news, so I wanted to give likely SOL offices with potential interests a heads up.) Both Karen Hawbecker and Josh Kindred got back to me saying they were unaware of any specific issues. So I think our advice

Hi David,

I hope this note finds you well amidst the shut down and leadership changes.

I'm reaching out today to set up a follow up a meeting with you on behalf of the Pebble Partnership regarding the issues we discussed at our prior meeting, the latest issues regarding the 404c veto, and to discuss the upcoming draft EIA from the U.S. Army Corps of Engineers.

Tom Collier, CEO of the Pebble Partnership, will be in Washington, DC the week of January 28 through February 4th. Also attending the meeting with Tom and I will be Peter Robinson on the Pebble team who is based here in DC. I understand there may be scheduling challenges due to the shutdown and your "Acting" duties, but please do let me know if you would be available for such a meeting on the dates listed above.

We very much appreciate your continued consideration of Pebble's earnest efforts to get through the permit process in a fair manner. I look forward to seeing you soon.

Best, Richard

Richard Pombo
