SUBJ: PROPOSITION 65 ANALYTICAL RESULTS SUMMARIES

VISTA

I've had several calls regarding the need for more time to complete the summaries as agreed to at our last meeting. I am proposing May 1 as the new deadline for completing the summaries and submitting a copy to me.

The requests for this information continues and it is still important we finish as soon as possible. Please let me know if any barriers exist that will not allow you to finish by May 1.
