February 3, 1925

Vol. XI

OFFICIAL

No. 5

ADDITION TO THE STATE SANITARY CODE

The following addition to the New York State Sanitary Code was adopted by the Public Health Council at Albany, January 30, 1925:

Chapter VII of the Sanitary Code is hereby amended by adding thereto a new regulation to be known as regulation 16, to take effect March 1, 1925, and to read as follows:

Regulation 16. DISTRIBUTION OF TETRAETHYL LEAD IN CONCENTRATED FORM TO PUBLIC PROHIBITED. The sale or distribution of tetraethyl lead in concentrated form, except to refineries, bulk stations or filling stations, is hereby prohibited. Such sale or distribution shall be made in safe, sealed containers.

Nothing herein contained shall be construed to prevent the sale or distribution of tetraethyl in concentrated form for experimental and research purposes or for use under special circumstances to persons whose applications therefor have been approved by the commissioner of health of the State of New York.
